

BPC-157 LPT is a peptide in a chewable liposomal tablet form (Lipotab LPT) that promotes gastrointestinal health and reduces inflammation. Short for Body Protection Compound-157, BPC-157 LPT is derived from gastric juices and has shown to have remarkable healing properties in laboratory studies.

BPC-157 is a stable pentadecapeptide consisting of 15 amino acids. By accelerating the healing of tissues, including tendons, ligaments, bone, teeth, muscles and gastric mucosa, BPC-157 supports post-work recovery, improves gut health, protects neural tissues, muscles, and gastric mucosa, BPC-157 supports post-work recovery, improves gut health, protects neural tissues, muscles, and gastric mucosa, and boosts their regeneration.

BPC-157 is formulated using Lipotabs (LPT), a safe, chewable, oral liposomal tablet manufactured using patented small-molecule technology to improve efficacy and absorption.

RECOMMENDED FOR

- Gastrointestinal healing
- Post-workout recovery
- Anti-inflammatory support
- Neuroprotection
- Improved wound healing
- Optimal total body health

ABOUT THE FORMULA

- In animal studies, BPC-157 LPT has shown promise in healing tissues, as it promotes tissue regeneration at a microscopic level and accelerates the healing process. This peptide also helps develop new blood vessels, boosts nitric oxide production, which decreases inflammation and improves athletic performance, and helps to improve the resiliency of cells under oxidative stress, among other healing benefits. BPC-157 has such potent healing properties that some studies show it expedites the healing of external fistulas and alkali burns in rats.
- While there are limited human studies into BPC-157, existing research shows that BPC-157 may also be a neuroprotective agent, which aids in neural regeneration and decreases neuroinflammation, a cardioprotective agent, which may help regulate blood pressure, and a transformational healer of the gut for those suffering from ulcers, IBS, leaky gut, and Crohn's.

SUPPLEMENT FACTS

Serving Size: 2 LPT caplets

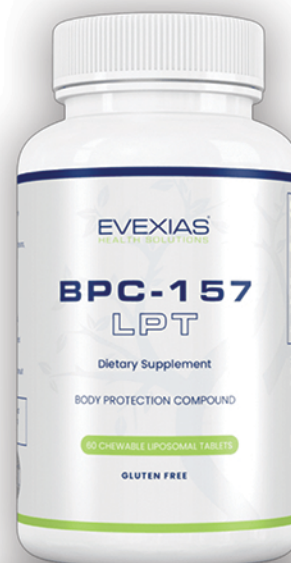

Amount Per Serving

BPC-157, 250 mcg per LPT tablet

WARNING: If pregnant or nursing, consult your healthcare practitioner before taking this product.

SUGGESTED USE

As a dietary supplement, chew and swallow ½ to 2 tablets twice daily for 6 to 12 weeks. Repeat regimen as often as needed.
